

LEARNING IN FUTURE ENVIRONMENTS

Transform the
environmental and
sustainability
performance of
your institution
with the LiFE Index
and ecoPortal

“ecoPortal helps us engage with our
stakeholders and get them excited about
contributing to Unitec’s sustainability mission”

Carolyn Cox – Environmental Sustainability Manager at Unitec

Choose the package that's right for you

Start with the LiFE Index

The LiFE Index is a comprehensive performance management and improvement programme designed to help universities, TAFEs and polytechnics improve environmental and social sustainability. The LiFE Index provides frameworks and guidelines around the four priority areas of Leadership and Governance, Partnership and Engagement, Learning, Teaching and Research, Facilities and Operations. The LiFE Index is free to ACTS members and can be used with the system and support below.

Add ecoPortal's suite of online tools to help you drive change
